BUS BAR FABRICATING TOOLS
CUT / BEND / PUNCH
Easy to Use Tools for All In-Plant & Site Work

SHEAR
UCH-120 \( \frac{3}{8} \times 4 \frac{1}{2}" \) – 78 lbs.
UCH-200 \( \frac{5}{8} \times 8" \) – 115 lbs.

• c/w Centering vise that accurately squares and holds material ensuring a high quality, clean cut.
• Requires max 10000 psi Hydraulic Pump.

PUNCH
UPH-120 \( \frac{3}{8} \times 4 \frac{1}{2}" \) – 54 lbs.
UPH-200 \( \frac{5}{8} \times 8" \) – 86 lbs.

• c/w Positioning slide base for exact movement of material in ‘X’ and ‘Y’ directions, with Scales.
• Allows for easy set up and production of various hole patterns.
• A full set of round punch/die sets are available.
• Requires max 10000 psi Hydraulic Pump.

BENDER
UDH-120 \( \frac{3}{8} \times 4 \frac{1}{2}" \) – 48 lbs.
UDH-200 \( \frac{5}{8} \times 8" \) – 110 lbs.

• c/w Electric limit switch for setting exact angle (max. 90°)
• Automatic Stop when angle is reached.
• Requires max 10000 psi Hydraulic Pump.
